

Kylvöpolku 1

Helsinki, Kylvöpolku 1-3

Business premises with excellent transport connections in Itä-Pakila, Helsinki

Kylvöpolku 1 offers flexible spaces for industrial, warehouse, and office use in a convenient location in northern Helsinki. The property combines practical facilities with excellent transport connections near Ring Road I and Tuusulanväylä.

Premises and features

Built in 1983, the building consists of two floors with spaces adaptable to various business needs. It features mechanical and partly natural ventilation, room-specific cooling units, and air heat pumps. Heating is provided by district heating, ensuring energy efficiency.

Area

The property is located in Itä-Pakila, a well-established industrial and warehouse district. The surrounding area hosts similar businesses, creating synergy benefits. Nearby services include Torpparinmäki's K-Supermarket, S-market, and an ABC service station. Helsinki city center is less than 12 km away, and Helsinki Airport is approximately 9 km from the property.

Accessibility

Access by car is excellent thanks to Ring Road I and Tuusulanväylä. Public transport connections are good, with bus stops and local transport terminals within walking distance. The area also offers safe routes for cyclists and pedestrians.
