Rieskalähteentie 71-73

Turku, Rieskalähteentie 71-73

Modern automotive property in Turku

The property is home to Hedin Automotive's Turku location, part of Hedin Mobility Group—one of the largest privately owned automotive retail groups in the Nordic region. The premises are purpose-built to meet the comprehensive needs of modern car sales and aftersales services.

Premises and features

The property offers excellent facilities for a full-service automotive business. It includes a spacious showroom as well as versatile service and maintenance areas, designed to accommodate multiple car brands. The layout supports both sales operations and aftersales activities efficiently.

Area and accessibility

The property is located in a well-established industrial and commercial area of Turku, known as a hub for automotive businesses. Several car dealerships and service providers operate nearby, making the area highly attractive for automotive-related services.

Rieskalähteentie 71–73 benefits from convenient transport connections. A bus stop is located directly in front of the property, Turku railway station is approximately 4 km away, and Turku Airport is about 7 km away. The location ensures easy access for both customers and staff.
