Visiolinja 9

Oulu, Visiolinja 9

Contemporary commercial premises in Oulunportti automotive hub

Visiolinja 9 is located in the Oulunportti business area, about 10 minutes from Oulu city center and the railway station, right along the E8 highway. Built in 2011, this property offers contemporary and practical facilities for business operations. It currently houses Suomen Autohuolto Oy, specializing in car and utility vehicle maintenance.

Excellent location and visibility

Oulunportti is a well-known hub for car dealerships and service businesses, making it an attractive area for automotive companies. Nearby, you'll find Kaakkuri shopping center and a wide range of

services.

Well-maintained and functional property

The property is relatively new and in excellent condition, providing up-to-date facilities for business. Its clear layout and practical premises support maintenance and sales activities.

Great accessibility

Located along the E8 highway, the property is easily accessible from Oulu city center and other west coast routes. A dedicated parking area ensures convenience for customers and staff.
